Hon. Abel Bliss. (accepts)

Wilbraham June 22. 1839

Dear Sir

Yours of the 2d of June I rec last evening, should
130 have been glad to have complied with your request, had I
rec it in time — The cause of the slave lies near my
heart and my daily prayer is that in the Providence
of GOD, the hour of his release may not be far distant —

Any thing that I can do, any situation in which
I can reasonably be placed I think I can readily
acquiesce in; if the cause of emancipation & liberty
will in any reasonable way be promoted by my
becoming one of the Vice Presidents of the Mass
Abolition, I have not the least objection to take
that office upon me

In much haste

I subscribe myself

a friend to the slave

Abel Bliss
